

## **Cataract / Refractive Lens Exchange / EVO ICL Evaluation**

**Approximate time expected: 3 hours. Please be aware there may be additional time needed depending on your specific needs.**

**The patient will be dilated, we recommend you bring a pair of sunglasses and a driver if you do not feel comfortable driving dilated.**

### **Artificial Tears**

- Please use preservative free (PF) artificial tears (lubrication drops) 1 drop 4-6 times daily for 3 days prior and up to the time of your appointment
- Brands we would recommend: Ivizia, Systane Complete Preservative Free, Refresh Tears Preservative Free

### **Contact Lens**

- Soft Contact Lens: Patient must discontinue use for a total of 2 weeks prior to evaluation.
- Hard Contact Lens/Gas Permeable Contacts: Patients must discontinue use of hard contact lens/gas permeable contact lens for 1 Month **PLUS** 1 week per decade of use.
